NOTE:	M.P.E.P. § 203.08 Status Inquiries, 8th Edition, cautions as to the submission of status inquiries as follows:
•	"NEW APPLICATION
	"Current examining procedures now provide for the routine mailing from the Technology Centers (TCs) of Form PTOL-37 in every case of allowance of an application. Thus, the results of the control of the

application. Thus, the mailing of a form PTOL-37 in addition to a formal Notice of Allowance (PTOL-85) in all allowed applications would seem to obviate the need for status inquiries even as a precautionary measure where the applicant may believe his or her new application may have been passed to issue on the first examination. However, as an exception, a status inquiry would be appropriate where a Notice of Allowance is not received within three months from receipt of form PTOL-37.

\*Current examining procedures also aim to minimize the spread in dates among the various examiner dockets of each art unit and TC with respect to actions on new applications. Accordingly, the dates of the "oldest new applications" appearing in the Official Gazette are fairly reliable guides as to the expected time frames of when the examiners reach the applications or action.

"Therefore, it should be rarely necessary to query the status of a new application.

## "AMENDED APPLICATIONS

"Amended applications are expected to be taken up by the examiner and an action completed within . two months of the date the examiner receives the application. Accordingly, a status inquiry is not In order after reply by the attorney until 5 or 6 months have elapsed with no response from the Office. A postcard receipt for replies to Office actions, adequately and specifically identifying the papers filed, will be considered prima facie proof of receipt of such papers. Where such proof indicates the timely filing of a reply, the submission of a copy of the postcard with a copy of the reply will ordinarily obviate the need for a petition to revive. Proof of receipt of a timely reply to a final action will obviate the need for a petition to revive only if the reply was in compliance with 37 CFR 1.113.\*
